## TECHNICAL SKILLS

**Languages:** Python, JavaScript (ES6+), HTML5, CSS3

**Frameworks/Libraries:** React.js, Django, Node.js, Express.js, Pandas

**Developer Tools:** Git, AWS Solutions Architecture, RESTful APIs, Agile Development

**Core Competencies:** Data Structures & Algorithms, Full-Stack Development, Problem Solving, System Design

## EXPERIENCE

### Aspiring Full Stack Developer

August 2024 – Present

*United Institute of Management-FUGS*

*Prayagraj, India*

- Developing responsive frontend interfaces using React.js ecosystem with focus on component reusability and performance optimization
- Implementing backend logic and RESTful APIs using Python and Django framework for data processing applications
- Building full-stack applications using MERN stack (MongoDB, Express.js, React.js, Node.js) with end-to-end feature ownership
- Integrated AI-assisted development tools into workflow to accelerate code generation and debugging efficiency

### PW Campus Ambassador

August 2024 – Present

*Physics Wallah*

*Prayagraj, India*

- Facilitated technical engagement and awareness for coding initiatives at campus level, driving student participation
- Led and collaborated with cross-functional teams in high-pressure hackathon environments, delivering rapid prototypes

## PROJECTS

### BNB Chain AI Hackathon Project | *React.js, Blockchain Integration*

2024

- Developed AI-integrated blockchain solution using React for frontend and smart contract integration
- Implemented real-time data processing and API integration for decentralized application workflow

### Vibe Hack 2.0 & Kode Karesh Hackathon | *Full-Stack Development*

2024

- Built and deployed web applications under time constraints, collaborating with teams of 3-4 developers
- Designed scalable system architecture with focus on performance and user experience optimization

## ACHIEVEMENTS & CERTIFICATIONS

**AWS APAC Solutions Architecture Job Simulation:** Practical exposure to cloud infrastructure design and deployment

**10+ Hackathon Participations:** Competed in national-level online and offline coding competitions with consistent execution

**Web Application Architecture Certification:** Foundational understanding of system design and architectural patterns

## EDUCATION

### United Institute of Management FUGS

July 2024 – June 2027 (Expected)

*Bachelor of Computer Applications (BCA)*

*Prayagraj, India*

### PN Public Inter College

2023 – 2024

*Higher Secondary Education (12th Standard)*

*Naini, Prayagraj*
